

## FREE CPR FOR THE COMMUNITY 2008

Our generous business community made possible our free CPR and first aid courses for the public in May, 2008.

Cardio pulmonary resuscitation was taught to about 40 residents and first aid was taught to about 20, all of whom registered in advance on certain dates. Volunteer instructors from the Rescue Squad-- Patty Buckridee, Nancy D'Ambrosio, Tom Kranz and Melissa Padulsky-- taught the classes. The local businesses and institutions below donated at least \$100 each to pay for teaching materials and card processing.
