

## FLAGPOLE REPLACED 2008

The Rescue Squad dedicated its new flagpole on Memorial Day 2008, a fitting tribute to this beautiful renovation job led by squad member Courtney Slaten for his Eagle Scout project.

Courtney, a senior at Scotch Plains-Fanwood High School, led members of his scout troop in the design and installation of the new fiberglass flagpole in the spring. It replaced a corroded, 30-year old metal pole.
